D & D Lawn and Garden Belts

D & D offers a complete OEM replacement line of Aramid (Kevlar®) cord belts designed for light and heavy duty applications including, but not limited to, lawn & garden, farm & home and industrial.

Our 3LK (3/8"), 4LK (1/2") and 5LK (5/8") dry wrapped blade belt operates efficiently in adverse conditions and when subjugated to humidity, moisture, temperature changes, dirt, oil and grease. With the Aramid reinforced cording, the D & D lawn & garden belt endures extreme shock load maintains belt length sizing while provides performance stabilization.

The outer cover of the D & D lawn & garden dimensional belt is blue for product identification. The D & D lawn and garden belts are designed for superior load carrying capacity, extra heavy duty clutching, and maximum power transfer.

D & D lawn and garden belts are recommended for both light and heavy duty lawn and garden equipment applications including but not limited to seeders, tillers, mowers, baggers, and trenchers.

D & D lawn and garden belts are identified by top width and outside dimension. Example (4LK860 belt : 4LK = 1/2" top width and 860 = 86.0" outside dimension)
