**Call the order desk today for your quote!**

# THE **POWER** OF **SOLUTION**

Amcan sprockets are made of heavy duty forged steel. All Amcan sprockets will meet or exceed ANSI standards. This will assure a longer life for your sprockets and chain, reducing downtime and replacement costs.

Sprockets available in A-plate, B-hub & C-hubs with Minimum Plain Bore and B-Hubs bored to size or bushed. We also offer made to order sprockets & splined sprockets. MOQ's may apply.

Amcan sprockets are commonly used in conveying, industrial and mechanical applications.
